

APPROVED DISTANCE EDUCATION CURRICULA FOR VIRGINIA ADULT EDUCATION AND LITERACY PROGRAMS

Updated: December 5, 2024
Virginia Department of Education
Office of Adult Education
OAEL@doe.virginia.gov 804-786-3347

APPROVED DISTANCE EDUCATION CURRICULA

This approved distance education curricula list is made public by the Virginia Department of Education, Office of Adult Education.

It is required that all AEFLA Title II funded programs in Virginia offer or collaborate to offer distance education services to students who are seeking or may benefit from such services. All distance education curricula approved for use by the Virginia Department of Education, Office of Adult Education (the Office) must be appropriate for specific adult education populations, provide accommodations for learners with disabilities, and present research-based evidence of both reliability and validity. As new distance education materials become available, the Office will review and consider the impact of approving them for state use and reporting. A review of approved distance education materials will be conducted as needed.

The Office maintains a Distance Education Curriculum Review Panel to review and recommend approval of distance education curricula and materials. If programs wish to use curricula not identified on the approved list for the purpose of distance education, they must submit the new curricula to the Distance Education Curriculum Review Panel for review and approval before proxy hours may be reported.

This list of approved distance education curricula includes the following information for each product:

- Curriculum Name: The full, official name of the curriculum
- Target population: The adult education population for whom the curriculum is most appropriate (e.g. Adult Basic Education (ABE), High School Equivalency (HSE), English as a Second Language (ESL), Career Pathways)
- Year Approved: The year the curriculum was approved for reporting distance education hours into the state management information system (MIS)
- Delivery Mode: The media format(s) by which the curriculum is delivered (e.g. print, computer, mobile device app, video)
- Proxy Hour Model: The method used to assign learner proxy hours: 1. Clock Time - This model assigns contact hours based on the elapsed time that a learner is connected to or engaged in an online or stand-alone software program that tracks time. 2. Teacher Verification - This model assigns a fixed number of hours of credit for each assignment based on the teacher's determination of the extent to which a learner engaged in, or completed, the assignment. 3. Learner Mastery - This model assigns a fixed number of hours of credit based on the learner's demonstrated mastery of the content of a lesson.
- Proxy Contact Hours Criteria: Guidelines for calculating proxy contact hours based on proxy model
- Publisher Information: The name and contact information of the publisher or producer of the curriculum
- Description: A brief description of the curriculum's content and features

Curriculum Name	Target Population	Year Approved and/or Updated	Delivery Mode	Proxy Hour Model	Proxy Contact Hours Criteria	Contact Information	Description
A Tutor for TABE Student Editions (Formerly TABE Tutor Practice)	ABE/HSE	2020	Print	Teacher Verification	The teacher determines the percentage of the lesson completed and may designate up to 30 minutes for a math lesson and 45 minutes for a language arts lesson. Virtual Virginia Adult Education Courses

Virtual Virginia Adult Education Courses include nine instructor-led, online courses built by Virtual Virginia for adult education participants. The courses are multi-level, content specific, interactive, and aligned to both the College and Career Readiness Standards and the English Language Proficiency Standards. Course content is culturally responsive and incorporates the U.S. Department of Education’s Employability Skills Framework and Teaching Skills that Matter skills, topics, and approaches. There are three mathematics courses (ABE Levels 1–2, ABE Levels 3–4, and ABE Levels 5–6), three reading language arts courses (ABE Levels 1–2, ABE Levels 3–4, and ABE Levels 5–6), and three English language learner courses (ESL Levels 1–2, ESL Levels 3–4, and ESL Levels 5–6). Courses are designed to offer up to 60 hours of instruction with a mix of synchronous and asynchronous activities and are fully customizable.

Special Program

The [National External Diploma Program \(NEDP\)](#) is a competency-based, applied performance assessment system leading to an Adult High School Diploma. Administered by trained local or regional adult education program staff, the blended assessment evaluates the reading, writing, math, digital literacy, and workforce readiness skills of participants in life and work contexts. The flexible, self-paced program requires participants to complete a series of online assignments which are tracked by an in-system clock and may be captured as distance learning hours. The time students spend completing online assignments are coupled with regular face-to-face meetings with an Advisor/Assessor and may be counted as contact hours. Only approved NEDP agencies that have completed the required training may offer the program. NEDP is owned and developed by Comprehensive Adult Student Assessment Systems (CASAS).
